

As one of the leading firms in the Southeast, it is important that we create and maintain a talented and diverse body of attorneys within our offices. To this end, we have devoted substantial recruitment efforts to attracting and retaining those attorneys who can bring to our team approach a wide variety of backgrounds and life experiences. We participate each year in minority job fairs and select schools for our on-campus interviews based, in part, on the diversity of the school's student body.

This year, we are happy to be a participant in the Leadership Council for Legal Diversity's 2012 1L Scholars program. First-year law students in good standing at an ABA accredited law school who are interested in this program should submit the following materials to [summerassociaterecruiting@bassberry.com](mailto:summerassociaterecruiting@bassberry.com) no later than Wednesday, February 22, 2012:

- Cover letter
- Resume
- Law school transcript reflecting Fall 2011 grades

Please note that the LCLD 1L scholars will be located in our Nashville office, and that the program dates are June 25, 2012 through August 3, 2012.
