

Lead Product and Privacy Counsel

(Menlo Park, CA)

Facebook was built to help people connect and share, and over the last decade our tools have played a critical part in changing how people around the world communicate with one another. With over a billion people using the service and more than fifty offices around the globe, a career at Facebook offers countless ways to make an impact in a fast growing organization.

Facebook seeks a highly motivated, team player to serve as Product and Privacy Counsel. The position will focus on product review and requires application of a complex, evolving legal framework to new and innovative services. This is a great opportunity to join a growing legal team and to work on novel issues in an exciting, fast-paced environment. This position is based in Menlo Park.

Responsibilities

- Review global products, features and initiatives to assess legal compliance across multiple jurisdictions
- Provide product, engineering, and other business teams with legal advice across many subject areas, including mobile and platform services, to ensure compliance with privacy laws and regulations, consumer protection laws, and other legal requirements
- Coordinate with public policy and communications colleagues on multi-disciplinary issues

Requirements

- 5+ years of relevant legal experience, with in-house and privacy experience a plus
- Experience working with mobile, application development, social networking, or other Internet companies
- Technology litigation experience preferred
- Ideal candidate will have product review experience, with international experience a plus
- Ability to think and move quickly and juggle many different projects at once is essential
- JD with membership in at least one state bar
- Strong interpersonal skills
- Team player who likes to work with others to get the job done
- Proactive work ethic and excellent communication skills
