

**BASF Corporation / Dentons US LLP
1L LCLD Scholars Program - Summer 2019
Florham Park, NJ / New York, NY**

BASF Corporation and Dentons are excited to participate in the 1L Scholars Program through the Leadership Council on Legal Diversity (LCLD). This program is designed to strengthen the legal pipeline by expanding the number of opportunities for diverse first-year law students. The 1L LCLD Scholars Program gives students the opportunity to work side-by-side with attorneys and provides valuable professional experiences.

About BASF Corporation

Through science and innovation, BASF supports its customers in nearly every industry including agriculture, automotive, energy, pharmaceuticals, construction and, of course, chemicals. It combines economic success with environmental protection and social responsibility; BASF creates chemistry for a sustainable future. To form the best team, we rely on committed people with different experiences and perspectives. To learn more about BASF, please visit us online at www.basf.com

About Dentons US LLP

Located in more than 173 locations across 77 countries, we are proud to be the world's first polycentric global law firm. Our legal teams are immersed in the same economy, culture and environment in which our clients operate, and we strive to have a positive social impact on the communities in which we live and work. Our unique nature allows us to better serve our clients and offers you a career path with unprecedented potential. To learn more about Dentons, please visit us online at www.dentons.com

The 2019 Summer Program

Just like our Firm, Dentons' summer program is different. Our program strikes a balance between fostering your professional growth in ways that are engaging, as well as informative. Law students experience the energy, creativity and collegiality that defines life at Dentons. Our summer program is not just work - it is fun - and that is what we think of our careers at Dentons.

For the summer of 2019, Dentons is seeking a summer associate for the LCLD 1L Summer Scholars Program who will also spend a significant amount of time visiting the legal department of BASF's North American Headquarters in Florham Park, NJ. The LCLD Scholar will get practical, hands-on experience in a broad range of legal practices.

The LCLD Scholar will receive compensation for the eight-week summer associate program, will attend LCLD's Scholars Summit for all LCLD Scholars nationwide in Atlanta on June 4-6, 2019, and will be invited to participate in LCLD's law student mentoring program to enjoy a variety of other valuable networking opportunities.

The logo for Dentons, consisting of the Chinese characters "大成" followed by the word "DENTONS" in a bold, sans-serif font, all contained within a purple arrow-shaped graphic pointing to the right.

How to Apply

We are seeking applicants who share BASF and Dentons' values of fostering diversity and inclusion in the legal profession and are interested in gaining exposure to an in-house corporate legal environment. Applicants of all backgrounds are considered and encouraged to apply.

Applicants should have completed one full year at an ABA-accredited law school prior to the start of our summer program. The ideal candidate will have a combination of strong academic performance, superior interpersonal skills, attention to detail and excellent verbal and written communication skills. A science or technical background is a plus. Ideal candidates will also have excellent judgment, an interest in learning and a commitment to advancing diversity and inclusiveness.

Candidates should submit a resume and cover letter and can [click here](#) to apply. Please also include a fall semester transcript when available.
