

Internship Opportunity with Federal Home Loan Bank of Atlanta

About the Internship Program

Every year, FHLBank Atlanta welcomes undergraduates and graduates from the country's leading universities to our nine-week, paid internship program. In addition to gaining real-world business experience in the financial services industry, interns can also take advantage of mentoring opportunities, participate in community involvement projects, and enjoy other benefits the Bank has to offer. The program kicks off in June and ends in August.

About the Federal Home Loan Bank of Atlanta

Federal Home Loan Bank of Atlanta (FHLBank Atlanta) is a cooperative bank that offers competitively priced financing, community development grants, and other banking services to help member financial institutions make affordable home mortgages and provide economic development credit to neighborhoods and communities.

Our products, services, and programs help financial institutions manage daily liquidity; fund mortgages originated for sale in the secondary market; fund loans and investments held in portfolio; improve their asset/liability management; meet community credit needs profitably; cover temporary deposit outflows; and reduce the funding cost of asset growth.

FHLBank Atlanta also serves the economic and housing needs of communities by providing local financial institutions with flexible options for community development initiatives. We contribute 10 percent of our annual net income to the Affordable Housing Program. These funds have helped construct or preserve more than 142,000 affordable housing units in the Southeast and have contributed to job growth throughout the region.
