

Bondurant Mixson and Elmore is seeking 1Ls who have a sincere interest in practicing law in Atlanta. We plan to hire 1 LCLD candidate. Qualified candidates should have a record of success as an undergraduate and as a first-year law student. Our 2L and associate hires graduate at the top of their law school class with law review &/or moot court experience. Most of our associates clerk for a federal judge before joining us, but a clerkship is not required. Like all of our summer associates, our 1L summer associate will receive hands-on training by doing substantive work similar to that performed by associates. A typical summer with the firm will include research and writing, participating in client meetings, and attending depositions, hearings and/or trials. Summers often have the opportunity to perform pro bono work as well. Compensation is competitive with the top firms in Atlanta.

The summer program is designed to expose students not only to our practice, but also to the city of Atlanta. To that end, we invite summer associates to participate in a variety of recreational activities, ranging from lunches and dinners at the city's best restaurants to concerts, sporting events and a choice of other activities. Please send your resume, cover letter, writing sample and unofficial transcript directly to Jodie Richey, Recruiting Coordinator - [richey@bmelaw.com](mailto:richey@bmelaw.com).
