

# LCLD 1L Scholars Program

## Summer 2021

Atlanta, Chicago, Indianapolis, Louisville, and Pittsburgh

Dentons is excited to continue our participation in the 1L Scholars Program through the Leadership Council on Legal Diversity (LCLD). This program is designed to strengthen the legal pipeline by expanding the number of opportunities for diverse first-year law students. The LCLD 1L Scholars Program gives students the opportunity to work side-by-side with attorneys and provides valuable professional experiences.

### Dentons 2021 Summer Associate Program

Work is about more than work here. It's about the environment too, and the feeling you get from your team, office and beyond. We've designed our Summer Associate Program with the tools you need to succeed. Our smaller, focused class size allows for a more personalized, tailored experience. From mentorship to substantive training to opportunities to work on actual client matters, our program fosters your professional growth in ways that are engaging, as well as informative. Law students experience the energy, creativity and collegiality that defines life at Dentons. Our summer program is not just work – it is fun – and that is what we think of our careers at Dentons.

The Dentons LCLD 1L Scholar will receive compensation for the eight-week summer associate program, will attend LCLD's 2021 Scholars Summit for all LCLD Scholars nationwide, and will be invited to participate in LCLD's law student mentoring program, in which students are paired with a LCLD Fellow who will mentor them through bar passage.

### How to Apply

Our values guide everything we do at Dentons. We are seeking applicants who share our interest in learning and our commitment to advancing diversity and inclusiveness in the legal profession. Applicants of all backgrounds are considered and encouraged to apply.

There is no typical 1L candidate for our Summer Associate Program. Applicants should have completed one full year at an ABA-accredited law school prior to the start of the program. We look for bright, innovative and hard-working people with diverse backgrounds and experiences. We want to see a strong record of academic success and extracurricular achievement, and it is equally important that our Summer Associates can work well on a team and have the drive to take on new responsibilities.
