

Winston & Strawn, LLP

We are currently accepting applications from first-year law students for our 2021 Diverse 1L Scholars Program. Candidates are encouraged to apply in accordance with their law school's recruiting guidelines.

Candidates should possess a record of excellent academic credentials as well as strong analytical, writing, and verbal skills. Participants in the program get real work experience on complex disputes and transactions, attend the firm's annual Diversity Roundtable, and are eligible to receive a Winston Diversity Scholarship to offset legal education expenses.

To apply, please submit your resume, law school transcript and/or grades (if available), and a cover letter for consideration. A member of the Attorney Recruiting & Development Department will contact you directly if there is an interest in moving forward with your application or if additional information is needed.
