### **DEI @ Quarles**

At Quarles & Brady, we have a long-standing commitment to diversity, equity and inclusion (DEI) rooted in our unique history of firm leadership, which includes one of the first African-American chairs to lead an AmLaw 200 firm, followed by one of the first women chairs, and now the first Hispanic chair to lead our firm. Our DEI mission is to foster an environment of inclusion, understanding, respect and opportunity for people of different genders, races, ages, cultures, religions, disabilities, sexual orientation, and lifestyles. We recently participated in the Mansfield Rule 5.0 certification program, which challenged us to rethink how we measure success in our DEI efforts and achieving the Certified Plus recognition demonstrates our ability to deliver results by making our firm an inclusive environment for all.

And we believe that starts with leadership. Quarles & Brady not only cultivates the talent of underrepresented attorneys and professionals but focuses on opening doors for them. We are committed to their success and provide them with opportunities ranging from on-the-job training to comprehensive development programs, early exposure to clients, and collaborative marketing and client development. We are leaders in mentoring and developing our people and our consistent elevation of underrepresented lawyers and professionals to the most senior leadership positions at our firm sets the tone: we want to be a diverse and inclusive law firm where our colleagues and clients feel they belong.
