

2023 1L LCLD SCHOLARS PROGRAM

1L Summer Associate in Washington, DC

Kelley Drye & Warren's DC office is looking for a first year law student to join the 2023 summer program. The summer program in Washington, DC is designed to give law students insight into life at Kelley Drye as a junior associate. There is no better way to discover what makes our firm unique than to be a part of the action. After a summer with us, we are confident that you will appreciate the results we achieve for our clients, the depth of our professionalism, and the down-to-earth atmosphere that we enjoy at Kelley Drye.

Kelley Drye's DC office serves clients in a broad range of industries, from regulations and technology to manufacturing and marketing. The centerpiece of the DC program is the personalized rotation schedule, which allows you the opportunity to work closely with attorneys in different practice areas and contribute to their client matters. During the summer, associates rotate through up to three of the following practice groups: Advertising & Privacy, Communications, Environmental & Energy, Government Contracts, Government Relations & Public Policy, International Trade & Customs, Litigation, and Real Estate. The program is structured to provide a glimpse into three designated practice groups, while also allowing the flexibility to sample assignments from other areas of law as well.

The summer experience at Kelley Drye is not just limited to the office. Summer associates are encouraged to take advantage of all the interesting and exciting opportunities that a DC practice has to offer, such as attending hearings on the Hill, observing our Trade partners argue in front of the International Trade Commission, or watching an Advertising attorney at an FTC hearing.

Our location in Georgetown's beautiful Washington Harbour allows for a one-of-a-kind DC experience. Whether you've lived in DC your whole life, or this is your first summer here, we are confident that firm traditions like our annual Regatta on the Potomac River will be events to remember. Not only will you get to know your coworkers off the clock, you will do so while taking in the best parts of DC life.
