

LCLD Pathfinder Program Facilitator Guide

The Leadership Council on Legal Diversity (LCLD) Pathfinder Program aims to supplement Member organizations' existing professional development programs by providing diverse, high-potential, early-career attorneys with practical tools for developing and leveraging their networks, gaining foundational leadership skills, and shaping their career development strategies. Your organization has designated you as Program Facilitator to oversee their participation and assist them in getting the most out of the program. This quick reference guide outlines the role that LCLD envisions Program Facilitators playing, major components of the Pathfinder Program, and some key program dates.

The Role of the Facilitator:

LCLD sees the Program Facilitator performing three roles: experiential, cultural, and logistical.

From an experiential perspective, we see the Facilitator as a senior and experienced professional, preferably a practicing attorney, with experiences of her/his own to share with the Pathfinder. As the Pathfinder progresses through the various program components, we encourage you, the Facilitator, to share your own insights with your Pathfinder as a means of further personalizing and enriching their experience. We also encourage you to help your Pathfinder identify and obtain leadership roles and stretch work assignments to help further their professional development. We view you as a critical component in helping your organization's next generation of leaders succeed!

From a cultural perspective, we see each Program Facilitator as a representative of their individual Member organization and bearers of the institutional culture of their firm or corporation. Our Pathfinders join us from a wide range of law firms and in-house legal departments and, by necessity, the program presents concepts and approaches that are of general applicability across the LCLD Member community. We look to each Program Facilitator to assist your Pathfinder in integrating the content of the program, specifically, with existing professional development programs and, more generally, with the institutional culture that makes your organization unique.

Lastly, from a logistical perspective, we look to the Program Facilitator to be mindful of the major dates and deadlines for the program and check in periodically with the Pathfinder. We also see the Facilitator as a resource for the Pathfinder in balancing active participation in the program with the already challenging professional demands placed on a highly sought-after young lawyer. We look to the Facilitator to serve as a "sounding board" for the Pathfinder as they move through the program and to bring to LCLD's attention issues raised or challenges encountered by the Pathfinder that might assist us in optimizing and refining the program going forward. For its part, LCLD will, for purposes of the Pathfinder Program, communicate with you as the organization's representative.

Major Components of the Program:

The major components of the program are as follows:

- **Program Registration and Preparatory Tasks:** Pathfinders are asked to complete their Pathfinder Directory profile and TypeCoach personality assessment, as well as connect via social media.
- **Virtual and In-Person Meetings:** Two substantive class meetings bookend the program and take place in the spring and fall. New in 2021, a Regional Session will take place in each of our five geographic regions. **NOTE:** Due to COVID-19, all meetings are currently scheduled to be held virtually. Should conditions allow, meetings may be held in person, but the Regional Session will remain virtual.
- **Online Learning:** There will be four “E-Modules” on topics of Sponsorship, Goal Setting/ Career Management, Shielding Against Bias, and Time Management. Each one will include an e-learning segment, several action assignments, and additional optional readings and podcasts. Pathfinders and Program Facilitators will receive reminder emails as the e-modules are assigned throughout the year. Pathfinders will also coordinate calls with their Peer Circles to discuss program materials. New in 2021, Pathfinders will have two optional, live webinars to reinforce the e-module topic assigned. *Please note that while Facilitators are given access to view the e-modules and associated assignments, they are not required to complete the e-modules/assignments.*
- **Compass Conversations:** These small-group gatherings of Pathfinders and LCLD Alumni or current Fellows provide an opportunity for Pathfinders to network with emerging leaders in the legal profession. In these sessions, LCLD Alumni or current Fellows (mid-career law firm and in-house lawyers) share personal experiences and professional development advice with Pathfinders in an informal virtual setting. In 2021, these groups will be assigned in April and expected to meet 2-3 times during the Pathfinder experience (April-November).
- **Peer Circle Networking:** During class meetings and throughout the program, Pathfinders will meet each other in small working groups formed to facilitate networking and the completion of group work assignments and e-modules.
